

Grade Four Teacher Preparations:

- November:** There are several objects (sandpaper and wire mesh) in the MTM file cabinet for this texture rubbing activity. Other objects on the MTM storeroom shelves include buttons, wooden sticks, and toothpicks. You may bring also objects from home. There is a box of old crayons to be used, so the students do not ruin their own.
- January:** Teacher preparation – Student will need to bring in magazine clippings, which contains people of all ages and sizes. **There is a note to be copied and distributed in the binder.**
- March:** Teacher preparation – Make sure there is a wire coat hanger for each student. Cut lengths of string in advance and provide 4 – 6 per student.
